TIPS AND ETIQUETTE

- If the Puck reads 'ON' it is considered unlucky to say 7 as most of the bets will lose on 7.
- If the dice are coming your way make sure you keep your hands well back from the layout.
- Crap is a very fast game we accept bets right up to the second before the dice land and if you want to shoot the dice you must be on the Pass or Don't Pass Line.
- There is always an air of excitement and a sense of camaraderie amongst our Craps customers that makes this one of the most exciting games at City of Dreams.
- It may look confusing at first, but this guide and a little help from us, you can be 'shooting the dice' with the best of them.
- If you are drinking at the Craps table you will find a ledge for your drinks around the table, please use this.
